

## **Important information about how to prepare for the Art merit badge**

This program is 4 hours long, be sure to pack a snack and water for your scout. Because all boys work at a different pace I cannot be sure when the program will end I am available for the whole 4 hour time slot though some boys may finish in 3 hours or less. Make sure you have a plan if he should finish early. **Parents** ---Merit badges are supposed to be done with the buddy system. ***We highly recommend that you attend the program with your scout especially if he does not have a buddy***; the chances of your scout completing all the work for the badge, during the allotted time, increases dramatically when he is properly motivated. There is never a fee for adults and you are sure to learn something. This will allow the instructor to concentrate more fully on the difficult task of imparting all the required information and assisting the boys individually if necessary, while other adults keep the atmosphere calm and productive.

### **Bring to class:**

- 1. Pre-work #4 notes for discussion of what you saw and where**
- 2. Snack/ drink**
- 3. Blue card WE DO NOT HAVE EXTRA BLUE CARDS**
- 4. Something fabric to put your logo on for # 2**
- 5. Favorite brush or pen (Optional) for #3** Supplies for all but (e) and (i) are covered in your class fee and will be provided. Boys are welcome to bring preferred brushes, pens, pencils or paper to work with you may want to label them so they do not get left behind.

Merit Badges are in general not designed to be completed in an afternoon therefore in order to complete the badge there is some work the scouts need to do outside of the workshop. We call this prework. We suggest this is done prior to the badge program date but we realize this is not always practical or possible, in these cases we will if requested sign partial cards and accept the assignments after the program or we ask that your bring/ send back all the work and the card in order to sign off on the blue card all at once.
